

NONPOINT SOURCE (NPS) POLLUTION

WHAT IF AN IMPLEMENTATION PROGRAM IS NOT SUCCESSFUL?

Key Element No. 5:

- In approving an NPS Pollution Control Implementation Program, the SWRCB/RWQCBs should make clear the potential enforcement consequences of program failure.
- Where enforcement action is necessary, all enforcement actions will be taken against individual dischargers, not the third party.

FOR ADDITIONAL INFORMATION:

A copy of The Policy for the Implementation and Enforcement of the Nonpoint Source Pollution Control Program is available on the SWRCB website: www.waterboards.ca.gov/waterquality. The policy is under the section titled “Polluted Runoff”.
